

New to our community!!! [SouthLyonLiving.com](http://SouthLyonLiving.com)

A community driven, community supported web and mobile based site that is devoted only to the South Lyon surrounding area.

Reaching thousands of residents who have lived here for years, just moved here or are looking for a new place to call home. You see the growth in and around our city. Subdivision after subdivision going up in Lyon Twp, Green Oak Twp, Washtinaw Twp and Salem Twp. New families move into our communities daily without a way of meeting their needs of finding out what is offered within a few miles of where they reside. This is why we created this site. To bring our community together.

Why is this site different? That's easy to explain.

The purpose of this site is to bring our community together on one site. Offering the local non-profits a way of sharing their good work. Offering the local retailer or service provider an inexpensive way to reach more potential business.

Our goal is to constantly add more information about what is happening in our surrounding area. Recreational, school, church and private sponsored events. Help the retail industry to grow and thrive. Bring more businesses to our area.

Retail fun nights out, restaurant specials, sports sign ups, find a doctor, dentist, health care provider, salon, get a manicure, need a plumber or a tire fixed, and many other services. Our community is very fortunate to have so many services located new our door.

Whether you are looking for just a restaurant to take the family or take a lesson making cookies, we're working on bringing that listing to you.

Why a website? Facebook is a great way of getting immediate word out about an event but is soon gets buried in all of the other postings. You can spend hours on the site to find where someone posted a listing that featured a service or an event. Print media is expensive, not necessarily effective and definitely not mobile. Your advertising budget should matter to you.

People live on their computers and phones. Why not give them a site that contains much more. Informative, concise and easy to maneuver.

Should you choose to advertise with us, you will receive a listing(s) on the easy to find pages that are appropriate. We will link back to either your phone, Facebook page, website, Instagram or Twitter account. We are not here to sell for you. You can handle that.

Are you a non-profit? We'd love to have your information.

We will feature non-competitive companies each week on the Featured Companies page. As we grow, we will add more spots. Each company will be featured a minimum of 3 times per year.

Our Featured Event page is dedicated to sharing just that – Featured Events. Are you having a big sale? Offering a discount for a specific time? Starting a new business? Are you teaching classes? We want to “FEATURE” you!

Presently we have a large list of subscribers to our mailing list with it growing every day. We will send these individuals reminders frequently about the new events around town. Gentle reminders can't hurt.

We want to help bring our community together. The South Lyon area offers so much. More than the residents realize. Help us get your company or non-profit information in their hands.

Please contact us at [Info@SouthLyonLiving.com](mailto:Info@SouthLyonLiving.com) to discuss your listing. Or give us a call at 248-921-2720.

Take a few minutes to check out what we're all about. [www.southlyonliving.com](http://www.southlyonliving.com)

Have a great day,

South Lyon Living LLC
